WEST BOYLSTON, MA (June, 2009)—Larimer County legal investigator and LaPorte resident, **Dean A. Beers**, owner of *Forensic Investigators of Colorado, LLC*, LaPorte, CO, recently earned the coveted Certified Legal Investigator (CLI) designation established by the National Association of Legal Investigators' (NALI) Professional Certification Board administered on June 18<sup>th</sup> in Nashville, Tennessee . The CLI designation is only conferred to those experienced legal investigators who pass stringent oral and written examinations, and author a white paper that is graded and subsequently published in national investigative trade publications. Initiated in 1979, the CLI examination is administered by a professional certification board of the National Association of Legal Investigators, Inc. twice per year.
